Tank 150

Gamma Tank 150

Tank Truck Hose

Gamma Tank 150

Designed for durable and flexible tank truck hose operations conveying gasoline, oil and other petroleum based products. Gamma Tank 150 assemblies are available with camlock style fittings, KC nipples and swaged fittings.

Features and Benefits include:

- Cover configurations:
 - Smooth
 - Corrugated
 - Black Cover with Red descriptive layline
 - Red Cover with White descriptive layline
- Continuous long lengths
 - 200' through 4"
 - 100' to 8"
- Texcel's Gamma style Layline provides space to properly identify the maximum allowable working pressure for each hose assembly based on application, pressure/temperature combination, type of fittings and coupling method used.

Technical Data

Part Number	GTA15C1 - Corrugated Black Cover GTA15S1 - Smooth Black Cover RTA15S1 - Smooth Red Cover
Construction	Type "E"
Tube	Black, Nitrile, 55% aromatics (ORS)
Cover	Black, Neoprene (Smooth or Corrugated) Red, Neoprene (Smooth)
Reinforcement	High tensile tire cord, Helix wire
Temperature	-40°F to +180°F
Safety Factor	4:1
Ends	Soft cuffs on standard lengths
Branding	PETROLEUM TANK TRUCK HOSE 150 SPI WP Black Cover (Red lay line with black letters) Red Cover (White lay line with red letters)

	Inside Diameter (in.)	Outside Diameter (in.)	Standard Length (ft.)	Working Pressure (psi)	Vacuum (in./HG)	Bend Radius (in.)	Weight/Foot (lbs.)
SMOOTH	1-1/4"	1-43/64"	100'/200'	150	30	8"	0.70
	1-1/2"	1-59/64"	100'/200'	150	30	10"	0.84
	2"	2-29/64"	100'/200'	150	30	13"	1.21
