

Tex-Blast

Premium Sandblast Hose

A premium sandblast hose designed for conveying dry abrasives at high velocity for cleaning and surface preparation. Texcel's high quality elastomers add to the wear resistant design features and benefits.

Features and Benefits include:

- Static dissipating SBR/GUM tube enhances a longer service life
- SBR pin pricked fabric impression cover makes an easy and safe surface to grip
- Superior construction of high tensile tire cord plies enhances strength without sacrificing flexibility
- Bright Yellow layline identifies premium quality sandblast hose
- Proper care by periodic 90 degree rotation further extends the service life of this hose

Technical Data

Part Number	BLAST
Construction	Type "D"
Tube	Black, SBR/GUM, wear-resistant, static dissipating
Cover	Black, SBR (Pinpricked)
Reinforcement	High tensile tire cord
Temperature	-40°F to +190°F
Safety Factor	4:1
Branding	PREMIUM GRADE BLAST HOSE 150 psi W.P. (Yellow layline with black letters)

Inside Diameter (in.)	Outside Diameter (in.)	Standard Length (ft.)	Plies	Working Pressure (psi)	Weight/Foot (lbs.)
1/2"	1-1/8"	50'	2	150	0.40
3/4"	1-1/2"	50'	4	150	0.57
1"	1-7/8"	50'	4	150	0.94
1-1/4"	2-1/8"	50'	4	150	1.18
1-1/2"	2-3/8"	50'	4	150	1.35

- Servicing the industry for over 25 years.
- Leading-Edge Technology
- No Surprises...Guaranteed!

- 100% Same-Day Shipping...Guaranteed!
- 99.998% Error-Free Rate
- Large Inventories
