

MUNRO MECHANICAL TEE

Mechanical Tee M7721

Mechanical tees, sometimes called saddle tees, allow you to create a mid-pipe branch outlet quickly and easily. A gasket seals on the joined pipe, in the neck of the outlet. The connection is female threaded. These fittings are not recommended for vacuum applications.

TECHNICAL DATA

Composition Ductile iron, non-lead orange rust-inhibiting paint coating, ASTM A536, Grade 65-45-12
